*Dear Partners, Colleagues, Friends,*

*The Nadační fond manželů Livie a Václava Klausových presents you with the third Annual Report on its work. A year ago, I finished the foreword saying that I truly believed that, when we presented our Annual Report for the upcoming year, it would be even richer than the previous one. I am very pleased to state that it was not a sheer wish but that we have together succeeded in fulfilling it.*

*It was crucial to proceed with the project aimed at children from children's homes whom we help in a very intricate moment of transfer to "normal" life when they have reached adult age. The project "A Start in Life", which most of you, our partners and donors, participate in, showed itself as being extraordinarily viable and needed. If I say that nearly a thousand young people have already become involved, some may consider it a high number, some a neutral piece of information. However, we have to see individual faces behind the number, individual fates that are connected by an ominous handicap. This is the thing which we are widely aware of. We regularly meet with the project management of individual children's homes and with regional social workers; we visit the children, we talk to them, we simply strive to make the project what it wants to be from the very beginning: not only material help, but also an educational lesson that supports the independence and activities of socially handicapped young people on their entry to the "real" life.*

*Indeed, this interest of ours links most of the projects which you will have the occasion to read about in this Report. Newly in this year, we have also focused on the opposite "generation pole". Senior citizens entered our field of vision. In cooperation with other institutions we are searching for a means of creating a wider and more varied space for the enforcement of a more active life in this complicated period when, in our social context, they are threatened by loneliness rather than material shortage.*

*On behalf of the other founder of the Fund, my husband and the President of the Czech Republic Václav Klaus, and myself, I want to thank our donors, every single one of you who have understood our intentions and have cooperated with us in various ways. Believe that your honest interest is a great support to me and my colleagues from the Fund who are mostly volunteers and thus earn no financial reward. I believe that in a year I will be able to present you even more interesting data of our activities which have a single aim: to help those who really need it.*

*Livia Klausová  
The Chair of the Board of Directors*

## ACTIVITIES OF THE NADAČNÍ FOND MANŽELŮ LIVIE A VÁCLAVA KLAUSOVÝCH IN 2005

The year 2005 has been mainly determined by the project "A Start in Life" which has become the chief and financially most demanding project of the Fund. Projects "Language Courses for children from Children's Homes and Foster Families" have continued and entirely new projects were brought to life: "Summer Theatre Shows", "Wheelchairs for Health Impaired Fellow Citizens" and "Obtaining a Driving Licence". The Fund also supported a number of students in the frame of its grant program and individual applicants in cases of special reference. Further on you will learn about our projects in detail.

### **A Start in Life**

The project "A start in life" focuses on 14-to18-year-old children from children's homes. On fulfilling other conditions (e.g. an agreement between the Fund and the carer of the child and opening the child's bank account), everyone annually obtains a fixed amount of 2,500 CZK and a so-called motivating bonus which is dependant on school achievement, good behaviour, and extra curricula activities. The maximum bonus amount is 1,500 CZK per school year.

As of 31 December 2005, 106 children's homes from the whole of the Czech Republic had taken part in the project, and the number of children who enrolled for the project had reached the number of 1304. As of the same date, 894 children had had their accounts opened and in 2005 obtained contributions in the total amount of 3,667,000 CZK. (A more detailed list is given in an individual section of this Annual Report: An Overview of Contracts on Granted Donation Gifts Signed in 2005).

The purpose of "A Start in Life" is basically to enable the children to be able to save money during their stay in the children's homes. Having reached 18 years they will be able to use it for their further education, to furnish their new household or to pay rent payments before their first salary etc. The child will use "the start money" as agreed upon with his or her carer who will subsequently inform the Fund of the purpose of its use.

"A Start in Life" also motivates children to improve their behaviour and school achievements, by the means of which they can increase their saved target money. The children are regularly informed via bank statements of the state of their accounts and thus they learn that it takes some time before money can be saved. Thanks to the fact that they agree on the use of "the start money", they know that it is necessary to thoroughly think over the ways of managing their savings.

### **Language Courses for Children from Children's Homes and Foster Families**

In 2005, foreign language courses in a language school abroad were attended by 25 students of whom 17 live in children's homes and 8 in foster families. PaedDr. Eva Ďoubalová arranged course fees donated to the Fund by these schools:

Cavilam Vichy, France (2 courses)

Emerald Cultural Institute Dublin, Ireland (2 courses)

Escuela Internacional Madrid, Spain (1 course)

Europa - Kolleg Kassel, Germany (2 courses)

European Centre, St. Julians, Malta (1 course)

Horizonte Regensburg, Germany (4 courses)

Inlingua Salzburg, Austria (1 course) and

Richard Language College, Bournemouth, Great Britain (12 courses)

*The Fund paid the students transport, accommodation and boarding, and also provided the participants of the courses with adequate pocket money. They treasure not only the acquired knowledge of a foreign language but also the experience of an unfamiliar environment which forces a person to act independently and requires reliability and responsibility. The students return home full of experience and with new acquaintances and friends.*

### **Summer Theatre Shows**

*In July and August 2005, 220 children from children's homes in Ostrava-Slezská Ostrava, Humpolec, Kašperské Hory, Liptál, Dubá, Karlovy Vary, Nepomuk, Valašské Meziříčí, Ústí nad Labem, Lipová u Šluknova, Pyšely, Melč and from the Association of Foster Families together with their escorts visited theatre performances of the Twelfth Night, Hamlet, and Romeo and Juliet which took place during the Summer Shakespeare Festival at the Prague Castle.*

### **Obtaining a Driving Licence**

*In the second half of August 2005, 11 young people from children's homes took driving licence courses. The intensive two week training took place in Hrdoňov near the lake Lipno. The participants of the course daily drove to the nearby and farther surroundings (e.g. to České Budějovice), and thus acquired driving skills. During the day they also took part in lessons on theory and in their free time studied for the final test. Their effort and hard work were crowned with success as all participants obtained a driving licence.*

### **Wheelchairs for Health Impaired Fellow Citizens**

*In 2005, the Fund obtained a gift with the set purpose of helping health impaired citizens. Half of the gift was donated to Fakultní nemocnice v Praze 5 - Motole (The University Hospital of Motol, Prague 5) and the second half served to cover partially or fully the price of mechanical or electrical wheelchairs for 15 health impaired people who had been chosen on the basis of the recommendation given by Nadace Charty 77 (Charter 77 Donation), Centrum Paraple a Klinika rehabilitačního lékařství Albertov (the Clinic of Rehabilitation Medicine Albertov, Prague).*

### **Grants**

*In 2005, the Fund donated grants to 33 students whose studies are aggravated by a harsh social situation or health impairment. Five students obtained a single contribution to studies abroad, other students who study at secondary schools and schools of tertiary education in the Czech Republic obtained a regular monthly contribution in the course of the school year. They used the contribution to cover their school and tuition fees, rent, transport fees (in case of health impairment) or other expenditures related to their studies.*

### **Individual Applications**

*In 2005, a donation gift was granted to 20 applicants (incl. 10 legal entities). They were so-called cases of special reference. The Fund endowed the applicants e.g. to purchase a computer, respiration ventilator or supported participants of XV. World Games of Transplant Sportsmen. The Fund also provided material gifts: cups and an LCD TV.*
